

# Ohio ACEP Supports You

Ohio ACEP is one of the most active chapters in the nation, and we're proud to say that our activities are member-driven. Let us help you get the most out of your Chapter membership.

## Value of Membership

- We've Got Your Back. Ohio ACEP works tirelessly for our members on the issues that affect them most. We are committed to: Defending emergency physicians; protecting your autonomy; improving your workplace; empowering you clinically; equipping you for your career; fighting for your reimbursement; and protecting your patients. Our [Advocacy Updates](#) will provide insight as to what issues we are currently pursuing. **Ohio ACEP understands how important advocacy is to your profession** and retains a lobbyist to focus on emergency medicine issues. We also organize an Advocacy Day at the Ohio Statehouse to connect members with their legislators.
- **Our periodic e-bulletins and monthly [Member eNews](#)** messages include state and national news, advocacy alerts, upcoming events, and professional development opportunities. Also, please check us out on [Facebook](#), [Twitter](#), [LinkedIn](#) and [Instagram](#) to stay connected! We also have resources for residents on our [YouTube](#) channel.
- Ohio ACEP offers a wide array of nationally recognized **EM Education opportunities** including [Carol Rivers' Emergency Medicine](#) textbook; [Basic and Advanced EM Ultrasound](#); [Oral Board Review Course](#); [Rivers' Oral Board On Demand](#); and [Simulation Courses](#). **Membership includes reduced rates for all Ohio ACEP courses!**
- We offer the opportunity for members to participate in the Ohio ACEP [Leadership Development Academy](#), ACEP council and other chapter **leadership roles to further member leadership expertise and benefit the chapter through member participation**. Developing relationships with your peers is not only useful for your work, but it can reap benefits in well-being and professional growth. Many Ohio ACEP leaders have held national ACEP leadership positions.
- **Our Board of Directors and staff is committed to supporting your ability to practice Emergency Medicine**. We invite you to attend our Board of Directors meetings and serve on one of our [committees](#).
- **An Annual Meeting** to give you the opportunity to elect chapter leaders, network with your peers, listen to a variety of CME presentations and to get updates on the chapter and the most pertinent issues facing emergency medicine. This event also offers the opportunity to **recognize the outstanding work of your peers with the [Annual Awards](#)**.
- **Ohio ACEP's Emergency Medicine [Residents' Assembly](#)** is one of the largest in the country attended by over 350 residents. This one-day event features clinical presentations as well as life-after-residency talks. Multiple recruiters exhibit at this event each year. At this event residents also can select the resident councillor and resident board member.
- Ohio ACEP also hosts an [Online Career](#) with available career opportunities.
- Ohio ACEP is in the process of launching **Communities of Interest**. Our recently formed Resident Advisory Group is busy planning informational zooms on topics of interest to residents. We look forward to forming other advisory groups based on member needs.
- **Ohio ACEP's [Midwest Medical Student Symposium](#) is an event designed specifically for medical students**. The symposium provides tips on interviewing and creating an exemplary CV, insight into preparing for the residency match process and a residency fair with the opportunity to meet with faculty and program directors from EM residency programs.

## Membership Testimonials

"Our chapter works hard to show value for membership."

"Ohio ACEP is truly focused on its members!!!"

"I feel confident that Ohio ACEP will always do its absolute best in fighting for my best interest as an EM physician."
